Printing instructions:

Using Adobe Acrobat to print is recommended. When printing, make sure resizing is disabled and Page Sizing is set to "Actual Size".

On Letter size paper (8.5 × 11 inches), some parts of the sides may not print. On A4 size paper (210 × 297 millimeters), the full print will fit.

To toggle crop marks and the cut outline in Acrobat, open the Layers panel by selecting it from View > Show/Hide > Navigation Panes > Layers.
